Hi Everyone,

This is just a reminder that all new Kingdom Seneschals are to have their background check done ,their warrant signed and in for approval, as well as the new Kingdom Seneschal form completed from the [socsen.sca.org](http://socsen.sca.org) site, a minimum of 1 month before they step into the roll officially.

As well, any ER deputy Kingdom Seneschals need to be approved by the Society Seneschal and have a background check done.

This has been the case for the last several years and with the new Society Seneschal he has instructed this to continue.

If you have any questions please ask.

Kelly  
ER Deputy Society Seneschal  
Society Communications Officer
